

AL TAQWA

ABOUT US

Al Taqwa Group companies are ISO certified, involved in trading, manufacturing, installation and service activities of engineering products and equipments like low voltage switchgear panels, control panels, pumps, GRP Enclosures etc. since 2006.

Our head office is located at Sharjah Industrial Area 15, with a well established network all over UAE.

Our main target is to be remembered with quality and trust. Customer satisfaction stands in the foreground for us. Therefore we offer highly competitive prices, high standard of quality products and just in time delivery.

With our well trained professional staff, we assure quality service to your requirements.

We take this opportunity to thank you for the support and expecting more valuable business.

STANDARD FEATURES

- Ingress protection up to IP-65
- Suitable for indoor and out door use
- Weatherproof & rigid construction
- High Impact, corrosion & temperature resistant
- Lift off type chrome plated brass hinges
- Non conductive
- Key locks zinc die cast & chrome plated
- Studs on back wall for mounting plate fixing
- Wall thickness 4 mm generally & 6 mm at stress points
- Fire retardant, self extinguishing
- External finish: Plain semi glossy gelcoat finish
- Colour : RAL 7035/9010 or other colours on special request.
- All hardware of galvanized steel or non-corrosive material

LIST OF PRODUCTS

- Electric Cabinets
- Electric Meter Cabinets
- Water Meter Cabinets
- Fire Equipment Cabinets
- Feeder Pillars
- Housing for Capacitor Bank
- Instrument Sunshades
- Canopies
- Shades
- Trays Etc
