Committed to providing you with perfect quality

INDRODUCTION

We would like to introduce our company, **Al Taqwa Group**, we have been in the business of Electrical Ware Trading, MEP Works (SEWA L#622), Low Voltage Switch Gear Assembly (SEWA L#53) and GRP Enclosure manufacturing for the past 15 years.

We have a proven track record, and our services are well-received by our clients. We provide excellent service at a reasonable price and have never been known to cut corners on the quality of our work.

We would appreciate hearing your important thoughts, criticisms, and if there is any way we can assist you in your business so that we may develop a mutually beneficial relationship.

Sayed Muhammed
Managing Director

A team for manage to all

QUALITY POLICY

We at Al Tawasul Switchgear Assembly LLC are committed to provide long terms business relationship to our customer. To do this effectively and consistently, we are:

- Providing products that meet and exceed customer expectation.
- Providing strong technical support through our highly motivated and trained staff.
- Providing Engineering Services with complete solution that meet local as well as International regulatory requirement.
- Providing prompt, reliable and efficient after sales service.
- Maintaining high quality standards, timely delivery schedules and competitive pricing.

We reiterate that in the emerging competitive market scenario, our dedication to quality shall remain total thereby enabling us to meet our targeted goal of Total Customer Satisfaction.

Sayed Muhammed
Managing Director

Safety is a priority here

SAFETY POLICY

AL TAWASUL SWITCHGEAR ASSEMBLY LLC IS COMMITED TO WORK PLACE SAFE AND HEALTHY FOR ALL OUR EMPLOYEES COMPLYING WITH ALL THE APPLICABLE LAWS REGULATIONS AND STANDARDS AND PROVIDING THEM ALL THE SAFETY MEASURES ON THE SHOP FLOOR

**Sayed Muhammed
Managing Director**

Ensuring safety

SAFETY RULES

1. Keep all the tools and machineries at specified place after use
2. Use safety shoes whenever at work
3. Use safety gloves and goggles / makes while working on the cutting and drilling machines
4. Keep the walk way free from any materials that may cause injuries
5. Keep all the tools and hardware in the box provided during the assembly of panel
6. Use safety barriers and indicators around the panels and wear the safety gloves during testing
7. Make proper utilization of the work place while at work
8. Make use of the first aid box at the time of any injuries
9. Ask authorized person for getting the work done on cutting and bus bar operation machines.
10. Do not tamper with or attempt to repair equipment or instruments which you do not understand.

Ability to communicate with the outside world, very important. This is usually achieved by the installation of telephones. Important phone numbers should include the following in Emergency cases;

- a. Fire Service number
- b. Ambulance number
- c. Police number

All are advised to follow the above safety rules strictly and company will not be responsible to those accidents by violating the safety rules.

ISO CERTIFICATE

ZERTIFIKAT • CERTIFICATE • СЕРТИФИКАТ • CERTIFICADO • CERTIFICAT

CERTIFICATE

This is to Certify that
the Quality Management System of

AL TAWASUL SWITCHGEAR ASSEMBLY LLC.
P.O Box. No. 67864,
Al Nakheel Street, Industrial Area 15, Sharjah, UAE.

Has been independently assessed and is compliant with the requirements of

ISO 9001:2015
(Quality Management Systems)

This Certificate is applicable to the following product or services ranges:

Electrical Panel Board Assembling.

CERTIFICATE NO: AE 100000459/01/Q20

Date of this Certificate	11 June 2021	Date of Initial Registration	11 June 2020
Date of Certificate Expiry	10 June 2022	Re-certification Due	10 June 2023

This Certificate is property of GRS Certification and remains valid Subject to satisfactory surveillance audits.

Director

GATE WAY REGISTRAR CERTIFICATIONS

Accredited by International Services For Certification bodies (EUROPE) UK LTD
6 Ferris Place Bournemouth, Dorset, BH8 0AU United Kingdom

This is an accredited certificate authorized for issue by Accreditation Service for Certifying Bodies (EUROPE) Limited who have assessed GRS as a Certifying Body for Compliance with ISO 17021 : 2015 Conformity Assessment - Requirements for bodies providing audit and certification of management systems. This certificate is only valid when confirmed by the register listed in the International Register of Quality Assessed Organizations. www.irqa.com

Certificate

Schneider Electric accredits that

Al Tawasul Switchgear Assembly LLC

is a

**Registered
Panel Builder**

Authorized to design, assemble, test and supply its **Low Voltage switchboards** using Schneider Electric products in the territory of United Arab Emirates.

Schneider Electric accredits Panel builder is trained on the latest offers, tools and standards.

Valid until
31/12/2022

Certificate No
SEFZE/DIF/2022/07

Revanand Andhale
Commercial VP - Channels

Riaz Ahamed
PnB Transformation & Channel Mktg Director

This certificate remains the property of Schneider Electric to whom it must be returned on request. This certificate is not transferable and remains valid only for the above mentioned address and scope.

Life Is On

Schneider
Electric

CERTIFICATE OF APPRECIATION

PRESENTED TO:

AL TAWASUL SWITCHGEAR ASSEMBLY LLC

IN RECOGNITION OF YOUR EXCELLENT PERFORMANCE DURING YEAR 2021
FOR THE DELIVERY OF YOUR SERVICES (GOODS AND SERVICES) TO DUBAI SOUTH AND ITS AFFILIATES.

GRANTED ON 10th MARCH 2022

RAHMAH ALALI
SENIOR MANAGER
PROCUREMENT & CONTRACTS DEPT.

MANAGING TEAM

Independent but with team spirit, young but with abundant experience, multitasking but with high efficiency, prudential but with great passion, professional, but warm friendliness. That is the best explanation for **ATS** team.

Even more important is the proven performance and assured reliability that only comes over time. Whether part of a major project requiring a different approach, to more convenient tried and true methods, **ATS** can work as part of the project team from initial concept planning through final implementation.

TECHNICAL INNOVATIONS

Our technical team consists of experienced experts, engineers and technicians, which enable us to persistently develop new technology and new design lines. They are also friendly and helpful for the technical service after sales.

WE UNDERTAKE DESIGN AND ASSEMBLY OF

- FORM 2-3-4 PANELS
- MAIN DISTRIBUTION BOARDS (MDB) UPTO 4000 A
- SUB MAIN DISTRIBUTION BOARDS (SMDB)
- FINAL DISTRIBUTION BOARDS (FDB)
- MOTOR CONTROL CENTRES (MCC)
- ATS & AMF PANELS (AUTOMATIC CHANGEOVER SYSTEM)
- AUTO SYNCHRONIZATION PANELS
- SOFT STARTERS PANELS
- VARIABLE FREQUENCY DRIVES (VFD) PANELS

- HVAC CONTROL PANELS
- PUMP CONTROL PANELS (IRRIGATION, RO, STP PANELS)
- SEWAGE TREATMENT CONTROL PANELS
- PLC BASED CONTROL SYSTEMS
- SWIMMING POOL CONTROL PANELS
- FEEDER PILLARS
- STREET LIGHTING CONTROL PANELS
- CAPACITOR BANKS (POWER FACTOR CORRECTION PANELS)
- METERING CABINETS
- GRP PANELS

AL TAWASUL DESIGN AND MANUFACTURE A RANGE OF LOW VOLTAGE SWITCH BOARDS TO SUITE CLIENT REQUIREMENTS

AI TAWASUL manufacturing Main and Sub main distribution boards with rating from 250A to 4000A in varying form of separation from Form 2 to Form 4 type 6 both fixed and fully draws out type. All **AI TAWASUL** Factory built switchboard assemblies comply with the IEC 60-439 standard which defines the service conditions, construction requirements, technical characteristics and tests for low-voltage switch gear and control assemblies ($U < 1000V$).

UNDERSTANDING CLIENT AND PROJECT REQUIREMENTS

Working with Specifiers and consulting engineers, we are able to provide typical panel layouts, costing and address technical queries. “Design & build” consultation. Work in partnership with electrical contractor to achieve the right technical solution, on time and on budget.

VALUE ENGINEERING

We deliver highly competitive offers by drawing from a wide knowledge base of product solutions, matched to excellence in panel design and engineering. A first-class LV switch board is guaranteed in every case.

- Made up of Low Voltage devices and components that all comply with the applicable international standards
- Based on protection and control devices by leading suppliers
- Based on recommended and proven switchboard configurations
- Assembled and wired by a competent and trained technicians
- Subjected to three tests according to the IEC 60439-1 standard.

1) Detailed inspection of the assembly

2) Dielectric test and electrical simulation testing

3) Checking of protective measures and of the electrical continuity of the protective circuits

In addition, our documented quality system ensures rigorous control of design in-process inspection & testing, component and assembly traceability, and final inspection and product certification. Our systems are designed and build to last, with particular attention to:

- ✓ ease of installation on site
- ✓ ease of cabling access
- ✓ ease of client operation
- ✓ accessibility for planned maintenance
- ✓ provision for future expansion and extension

AL TAWASUL SWITCHGEAR ASSEMBLY LLC

Many of our switchboards continue to perform and protect after years of service...

2500A LV PANEL @ CPRI, BHOPAL – INDIA DURING SHORT CIRCUIT TEST

FACTORY FACILITIES

We are equipped with the State-of-art Switchgear production facilities spread over an area of 3,000sq. feet, backed by the expertise of Design section, Inspection and Testing and Quality Control department. It is our constant endeavor to achieve total customer satisfaction by offering our technical support during design and installation, market competitive prices, after sales services and providing our standard warranty for coveted performance.

1. Factory Area

- Production Floor = 3,000 sq. feet
- Office and Conference rooms = 1,800 sq. feet
- Warehouse/Stores = 3,500 sq. feet
- Total = 8,300 sq. feet

2. Annual Production capacity

- 18 million Dhs worth of Switchgear equipment @ 1.5 million/month.

3. Design facilities

- Fault level calculations and Design capability of
- Switchboards & MCCs up to Form-4 configuration.
- Auto-Cad Design /Drawings
- Design of Controls & Instrumentation panels
- Software based harmonic filter Capacitor bank design.

4. Engineers & Technicians

- A strong team of Engineers, up to 20 years experience in Switchgear and more than 20 well experienced technicians.
- Professionals and experienced technician who has capacity to assemble the Distribution boards as per standards specified by local authorities like SEWA, DEWA, FEWA, ADWEA.

5. Bus bar Work Machines
